

OFFICIAL WARNING

VIOLATION OF FEDERAL REGULATIONS

CASE NO.

OH10069

VIOLATOR

Customer # 26900

Certificate # 31-A-0278

Wayne Burkholder

ADDRESS (Street, City, State, Zip Code)

2687 County Road 114

Baltic, OH 43804

The Department of Agriculture has evidence that on or about **August 5, 2010 - November 17, 2010 - March 10, 2011 - April 6, 2011** you or your organization committed the following violation of Federal Regulations:

9 CFR, SECTION

Failure to

2.126 (b)

- Have a responsible adult available to accompany APHIS officials during the inspection process, and a room, table or other facilities for examination of records and inspection of property or animals for use by APHIS officials if necessary.

(*On March 10, 2011 a facility representative was not available to assist in an inspection.)

2.40 (b) (2)

- Establish and maintain adequate veterinary care that includes the use of appropriate methods to prevent, control, diagnose, and treat diseases and injuries, and the availability of emergency, weekend, and holiday care.

(*Dogs #26, #27, and #39 have excessively long nails that require clipping.)

3.9 (b)

- Use receptacles for dogs. Self-feeders may be used for the feeding of dry food. Keep self-feeders clean and sanitized to ensure there is no molding, deterioration, and caking of feed.

(*Several self-feeders are dirty and require cleaning.)

3.11 (a)

- Remove excreta and food waste from primary enclosures daily, and clean as often as necessary under primary enclosures to prevent excessive accumulation of feces and food waste, prevent soiling of the dogs and cats contained in the primary enclosures, to reduce disease hazards, insects, pests and odors.

(*There is a buildup of organic material, mineral deposits, and staining in the wash downs in the main kennel.)

3.11 (b)

- Sanitize primary enclosures and food and water receptacles. Used primary enclosures and food and water receptacles must be cleaned and sanitized before they can be used to house feed, or water another dog or social grouping of dogs. Used primary enclosures and food and water receptacles for dogs must be sanitized at least once every 2 weeks and more often if necessary to prevent an accumulation of dirt, debris, food waste, excreta, and other disease hazards. Hard surfaces of primary enclosures and food and water receptacles must be sanitized using one of the following methods: live steam under pressure, washing with hot water and soap or detergent, or with appropriate detergent solutions and disinfectants or combination of detergent/disinfectant followed by a clean water rinse.

(All hard surfaces accessible to the dogs have a moderate to heavy accumulation of grime, dirt, fur and other debris.)

Titles 7 & 9 Code of Federal Regulations were promulgated to help prevent the spread of animal and plant pests and diseases and assure the humane treatment of animals. Since violations of the regulations can have serious and costly impact detrimental to the public interest, you are warned of this violation. Any further violation of these regulations may result in the assessment of a civil penalty or criminal prosecution. If you have any questions concerning this warning or violation, please contact the listed APHIS Official.
